

Adaptor plate graphite Simon 88

REF. 88088-38

BASIC INFORMATION

DESCRIPTION

Simon has been since its beginnings as company by offering the possibility to mix several articles of different ranges in the same electrical or electronic system. This is much easier to deal projects masonry new and refurbishment projects in private homes, commercial premises or the headquarters of companies. The Plate adaptor in graphite colour of the Simon 88 series is the best example of this advantage competitive compared to other brands. This is a piece that has dimensions of Ø 68.3 and can be combined with the most common frames of the different series of Simon thanks to its type of trim. The thermoplastic is the component is present in the material with which it has been designed to its structure, that is available in three finishes. The most innovative design and maximum security form a perfect combination in this adaptor plate.

FINISH

Graphite

PACKAGING CONTENTS

Adaptor

COMPATIBILITY

Simon 75 mechanisms
