

German socket outlet 16A 250V~ with hinged cover, safety device and screw terminal connection white Simon 27 Play

REF. 27490-35

BASIC INFORMATION

DESCRIPTION

This Schuko socket outlet is perfect for sockets of elements of up to 16 A of current and 250 volts. It is part of the Simon 27 Play range, which stands out for its modernity. As well, the product has a built-in hinged cover and comes in white colour that will make you incorporate into everyday easily in any place where it is installed. The type of rocker operation of the socket is screwed and can be both surface or flush mounted, so that it provides versatility. It consists of two modules and measures 45 x 45 millimetres. The materials with which it is manufactured with the plug are of high quality and gives it great resistance. Therefore, consisting of metal components with halogen-free insulation and thermoplastic trim. Simon performs a commitment to clear the security of its products, but also for the security of users. In this sense, this plug, the covers include the child protection function.
