

**Interchangeable case for 2 half elements (1 element)
American frame arctic aubergine Simon 27 Play**

REF. 2700652-085

BASIC INFORMATION

DESCRIPTION

This interchangeable sleeve is arctic aubergine colour and is suitable for an American frame of 2 half elements (or 1 single element). It is part of the Simon 27 Play series, a collection that makes it a pleasure to decorate. In this series we find a good range of interchangeable sleeves in 4 different ranges that allow you to change the image of an environment with just a click on the frame, in addition, are also available the rockers covers to match the covers. This reference measures 86x125 mm and is made of painted thermoplastic according to the regulation regulations. Also, it can be installed both vertically and horizontally, for a better result, it is recommended to combine this frame with rockers and covers of graphite colour. A good maintenance prolongs its service life. To clean this case, you can use a soft dry cloth and slightly scrub it.
