Intermediate piece for 1 element gold Simon 27 Play

REF. **2700670-066**

BASIC INFORMATION

DESCRIPTION

The Simon 27 Play Series offers all sorts of interchangeable sleeves to change the design of your frames in a second. Sometimes, this type of mechanisms requires parts such as this intermediate piece for 1 element with a gold finish and in galvanized thermoplastic. It is important to pay attention to the reference since it requires combining it with the frames for middle piece Simon 27 Play. The installation direction can be either horizontal or vertical. How to clean this intermediate piece? As with many frames: Use a soft and dry cloth, always avoiding abrasive products or cloths containing chlorine. If you prefer to see more designs, we invite you to know the wide variety of our online catalogue. Discover it and choose the design that best matches what you are looking for. In Simon you will find this kind of intermediate parts at the best market price.
