

Double rocker for set of 1 2-way switch and 1 push button with bell symbol ivory Simon 82

REF. 82027-31

BASIC INFORMATION

DESCRIPTION

The Simon 82 series has a minimalist design with noble finishes and a wide range of textures that adapt to each of the spaces. In this range includes the double Rocker for group of a 2-way switch and a push-button switch in ivory. With dimensions of 55x55 mm, includes bell engraving. It has been manufactured with the best thermoplastic components on the market. This double rocker can be found in our catalogue in six different finishes, a damp cloth is sufficient to maintain its structure as the first day, the Simon 82, which stands out for its good prices, is compatible with the most advanced functions that make a space more comfortable, such as the adjustment of light, multimedia or sound, a small sample of its great potential. Also, all the products in this range use the mechanisms of the Simon 75 series.
