Blind cover cold aluminium Simon 82 Detail

REF. **82800-93**

BASIC INFORMATION

DESCRIPTION

Blind cover made of cold aluminium and belonging to the Simon 82 series, it is available in different colors to combine them as you prefer: White, ivory, matt aluminium, graphite or champagne mate. You can choose the one that best combines with the decoration and design of your home, having the highest quality in terms of electricity products. It also includes frame-holder for its installation. The Simon 82 series offers a balance and simplicity that stands out for that reason, for creating a product oriented to the needs of the home of each client, a minimalist touch with noble finishes and above all a wide range of colors and textures for each of the components of the range. Cold aluminium finish is not very common. Therefore, so it is recommended to clean with soapy water and a soft and clean cloth, in this way it will keep the product as new at all times. For best design, it is recommended to choose the frame of the same colour as the frame.
