Frame for 3 elements chrome Simon 27 Scudo

REF. **2705630-124**

BASIC INFORMATION

DESCRIPTION

Discover all the aesthetic improvements of the frame for three elements with chrome finish belonging to the Simon 27 Scudo series. It is supplied with an Allen wrench as it can only be disassembled with this specific tool. It takes advantage of all Simon 27 functions such as the compact design of the frame and rocker, but with added protection as the Scudo range is one of the most popular in terms of use. It contains anti-theft system that can only be removed with the included tool, leaving the rocker on the frame and the frame can only be unscrewed with the included Allen key. Thanks to the TOP IMPACT mechanism (manufactured with aluminium and zinc) you can install the elements for applications that require a higher degree of impact resistance or for anti-vandal applications. There is the option of maximum function protection thanks to restricted access via a lockable cover that prevents access to the indoor.

FINISH

Chromed

COMPATIBILITY

Simon 27 mechanisms
