

Pull-cord push button 10A 250V~ with fast terminal connection system white Simon 31

REF. 31652-30

BASIC INFORMATION

DESCRIPTION

Pull cord push button with quick terminal connection and finished in white of the Simon 31 series. This type of Simon 31 push button is available in 2 different finishes, it is recommended to use a frame the same colour as the selected rocker. The current is 10A and a voltage of 250V, and it supports a cable section from 0.2 to 0.5 mm, with a wire stripping of 13 mm, approximately. It can be installed in places with a temperature of between 5 and 40°C, although it is capable of withstanding extreme temperatures of -25 to 50°C, approximately. It is made of metal components with halogen-free insulation and the trim is made of thermoset material. These materials are very easy to clean, as you just need a soft cloth slightly dampened in soapy water to make it in perfect condition. It also measuring 64x65mm.
