

## Trim frame for 3 elements ivory Simon 27

REF. 27960-33

### BASIC INFORMATION

#### DESCRIPTION

The series of frames Simon 27 with products very versatile and functional. This is the trim frame for three elements, ivory finished. The frame has a total of six modules and can be installed in two ways, both vertically and horizontally. The proper use of the installation of the product is flush-mounted. These frames Simon support very variable temperature, ranging from the most low up to the highest (-25 to + 50 degrees centigrade). Some important of the piece is that it is manufactured with a thermoplastic insulating material. These components, they bet for the security, guaranteeing the sealing in the event of a fire, incidental. With a compact measures 232 x 90 millimetres, this frame is converted into a perfect solution to give a very modern appearance to any space. Also, does not require much maintenance. To ensure a high durability, simply clean the trim frame with a soft cotton moistened in soapy water.
