

Single rocker with light symbol for push button white Simon 28

REF. 28018-30

BASIC INFORMATION

DESCRIPTION

Single rocker of the series Simon 28, with light engraving and is used for white push-button switch. Simon 28 is a series of products that offers a perfect integration, since its frame curvilinear is integrated in a discreet in the project architectural, offering a different design and a character of our own. This rocker for 1 element is suitable both for surface-mounted or to be flush mounted, in places with a temperature located between 5 and 40°C, although it is able to withstand extreme temperatures of -25 to 50°C, approximately, making it perfect for all types of climates. Cleaning, to be manufactured in thermostable material, is quite simple, as only have to use a soft cloth slightly dampened in soapy water without resorting never or to the cloths or abrasive cleaners containing chlorine, as they could cause the rocker to break and not operate correctly.
