

Frame for 1 element cream interior white Simon 82

REF. 82611-31

BASIC INFORMATION

DESCRIPTION

This frame is a cozy colour cream and white mechanism. These shades fit perfectly into any space in the home, filling it with warmth and harmony in a matter of seconds. Both the baseboard and the frame are made of thermoplastic, a quality material resistant to friction and extreme temperatures. It belongs to the Simon 82 series, a collection that is characterized by minimalist and simple but parts that are capable of creating trend. The frame measures 89x87 mm and is suitable for 1 element, it is also suitable for surface and flush mounting and has been manufactured in strict compliance with the regulation. When it comes to maintenance, the manufacturer recommends using a soft cloth and slightly moistened in water with soap. It is also advisable to avoid abrasive products. You can combine the frame with a rocker or cover with a white finish for a better effect.
