Interchangeable case for 2 elements frame arctic black Simon 27 Play

REF. **2700627-086**

BASIC INFORMATION

DESCRIPTION

Have you already heard about this magnificent collection and would like to join this trend? We invite you to know the best variety in interchangeable covers for electrical installation frames. With Simon 27 Play you can have many designs and adapt them according to the situation to build different environments. You will also be able to do it in the most comfortable and fast way. Another alternative is this interchangeable cover for frame of 2 elements in black arctic of Simon 27 Play. If you don't choose a particular design for the rocker or cover, we always recommend in this black of the range Arctic choosing the graphite colour for rockers and covers. It is valid for both frame surface-mounted or to be recessed. How do I clean this product? Never use abrasive chlorine cleaners, you can damage it. To clean it with a soft and dry cloth. Get here the best frames and interchangeable covers of the Simon 27 Play series... and at the best possible price.
