Frame for 3 elements green Simon 75

REF. **75630-65**

BASIC INFORMATION

DESCRIPTION

The Simon 75 series are adapted to all decorative spaces thanks to its wide range of colors. The green finish is the chosen for this frame for 3 elements, it is also available for 1,2 and 4 elements, this series offers us a multiple possibilities, to be able to choose the one that best suits our home or workplace. Due to its resistance to the knocks and temperature changes, the thermoplastic is the material chosen for its manufacture. This frame functional suitable for surface or flush mounting, has dimensions of 80 x 230 millimetres. The rectangular design of the trim frame, it can be installed both horizontally and vertically. For a better maintenance, we must avoid abrasive products containing chlorine. Another advantage of this series, it is its great compatibility with the Simon 77 mechanisms, which considerably reduces installation times.
