Flat voice and data plate with dust cover for 2 RJ45 connectors ivory Simon 82

REF. **82006-31**

BASIC INFORMATION

DESCRIPTION

In ivory colour, this plate computing of voice and data with dust cover of the Simon 82 series, has 2 RJ45 connectors. You will find it available in a total of 6 different cabados with which you will have options to choose the one that best suits your taste. We recommend to our customers that the frame to be used with the plate is the same baseboard colour as the chosen piece. Installing this plate is simple, you can choose to recess or place it on a surface-mounted, its dimensions are 55x55 mm and it is manufactured in thermoplastic of the best quality. I was able to operate between maxima of -25 to 50ºC, but for an optimal functioning, we recommend to maintain between 5 and 40º C. If you want to clean the plate, it is recommended to wipe it with a damp cloth, always avoiding aggressive products that could damage the piece.

FINISH
Ivory

MATERIAL
Plastic
