BASIC INFORMATION

DESCRIPTION

If you have to set a bell in a room whose features require an installation with no civil work, in the range of Simon 73 Loft have the perfect solution. The single rocker with bell engraving for push-button switch Simon 73 Loft is the individual version for one element. It is in aluminium colour, although it is also available in two finishes. It is always recommended to choose the frame of the same colour as the rocker. It has dimensions of 55 x 55 millimetres and in spite of the aluminium finish of the piece is made of highly resistant thermoplastic material. All the components of the series Simon 73 Loft have been designed primando discretion, made with the lower thickness possible to just exceed the wall. It can also be installed in a matter of minutes and without the need for tools. Once again, the Simon group we helps to save time.
