

Flat voice and data plate with dust cover for 2 ADC Krone® RJ45 for 1 element aluminium Simon 500 Cima

REF. 50017089-033

BASIC INFORMATION

DESCRIPTION

This flat base plate is the ideal complement for any installation of voice and data with an aluminium finish, it has dust cover and with a format for 2 RJ45 ADC Krone ®. The plate has a snap-fit so that its installation and fastening in housings is easier and quicker, as it does not need any adapter. This element is integrated in the Simon 500 Cima series. This series offers us a system of workplace solutions for any workplace. Your choice is a success in spaces, such as offices, offices, museums, conference rooms or environments where the design is paramount, thanks to its variety of finishes. And it is that talking about Simon is talk of one of the leaders in the electrical installations. From its founding we have been offering the latest technology, the materials of the highest quality and durability and the most complete systems for inside and outside the home. A great variety of products for a multitude of installations.
