Back kit for 3 Schuko socket outlets Simon 100

REF. **10010302-039**

BASIC INFORMATION

DESCRIPTION

Back kit designed for 3 elements with 3 Schuko socket outlets 16A 250V~. It is suitable for flush mounting and has a click terminal connection (1 click). It is a faster and safer system, which can be carried out in just a few seconds. The best thing is that it is not necessary to strip cables. For optimum preservation of this back kit, the manufacturer recommends installing it in spaces with a temperature of between 5 and 40ºC. In this way, the product will remain in perfect condition. The back kit is part of the Simon 100 series, an innovative collection that will make a big difference to the way people live their lives both in their homes and in public spaces. This piece is capable of energising environments and creating experiences suitable for all lifestyles, whatever they may be.
