Blind cover for 1 element white Simon 500 Cima

REF. **50010800-030**

BASIC INFORMATION

DESCRIPTION

This is a blind cover for 1 item white colour of the Simon 500 Cima series. Made of a material very resistant to the knocks and the hazards of the flame as halogen-free thermoplastic, thanks to this, we will avoid the flame spread and smoke toxic in case of fire. It has dimensions of 50 x 50 x 11 millimetres and is suitable for surface-mounted or recess. The Simon 500 Cima series stands out for its avant-garde connectivity solutions system that allows us to 50% faster installation. It has a click-terminals connection, with which only insert and tighten so we will have already installed, without the need for stripping cables or use additional tools. Simon offers us a new kits already configured with the most typical combinations for each application as ready to install. This is a series designed to facilitate its installation.
