

Frame for 3 elements chrome Simon 75

REF. 75630-63

BASIC INFORMATION

DESCRIPTION

The Simon 75 series has been a great success for a variety of colors that allow combinations of all kinds in terms of design, in addition to the purely aesthetic, these frames are the ideal protection against friction and knocks. The best variety and the best appearance do not have to be at odds with the functional. Not with the good price. That ' s why here you will find the highest quality at the best price, in addition to this colour, in our 'frames' category you will find many others that can fit with your taste or the design of your home, workplace or wherever you need it: Colour, ivory, bronze, snow white, gold or grey, among many others. You haven't chosen yours yet? Find in Simon the frame that you are looking for and benefit from all the features that we put at your disposal in this series Simon 75.
