

Double rocker with viewer aluminium Simon 44 Aqua

REF. 4400026-033

BASIC INFORMATION

DESCRIPTION

The items in the Simon stand out for its avant-garde lines that allow you to change the image of our electrical and electronic systems with a single click. In its range 44 Aqua can take the double Rocker with viewer in aluminium finish. This is a double rocker that stands out for the security that printed to the devices in which it is installed, either in a universal flush mounted box or, failing that, in a baseboard surface-mounted. Another of its advantages is that customers is to choose the colour of the three finishes available. This reference only includes the embellishing rocker, so it is necessary to replace it with the rockers of the references with frame and rocker included. Also, all its products stand out because its systems that can be used in a way intuitive and its installation is simple, which can be carried out by all the person.
