

Frame for 1 element chrome Simon 75

REF. 75610-63

BASIC INFORMATION

DESCRIPTION

Frame for 1 chrome-plated element of the Simon 75 series. Simon 75 is a series of products (rocker, middle piece, frame and mechanism) that offers multiple colour combinations, with frames in 13 finishes, parts pieces in 15 colours and rockers in 6 different colours. Also, the rectangular design of the trim frame allows you to adopt two different aesthetic shapes. The installation of this frame (that is manufactured in thermoplastic) is both in surface-mounted and recessed, and its dimensions are 88x88mm. As for its cleanliness, it is very simple, because if you want that looks perfect, just use a soft cloth slightly moistened in soapy water, forgetting of abrasive cleaners that contain chlorine in its formulation, as you use this type of products or cloths with chlorine, as the frame may be damaged and make the mechanism does not work of the correct way.

FINISH

Chromed

COMPATIBILITY

Simon 75 and Simon 77 mechanisms

PACKAGING CONTENTS

Frame with 1 element

MATERIAL

Thermoplastic, Aluminium
