

Cover for stereo speaker socket champagne Simon 31

REF. 31082-34

BASIC INFORMATION

DESCRIPTION

The Cover for stereo speaker jack in champagne finish of the series Simon 31 forms the perfect combination between maximum security and the most innovative design in a single element, with dimensions of 64x65 mm, this piece is suitable for surface-mounted and recess. This cover is available in three finishes, so it is recommended to choose a frame with the same colour of the selected rocker to create the desired ambience. It has been made with metallized thermoplastic compounds. The security is present in all products manufactured by Simon. This is one of the reasons why the products that are included in its different series are present in the installations of all types of public and private buildings. Thanks to its great value for money it is impossible to find more for less on the market today.
