

Adaptor plate white Simon 82

REF. 82088-30

BASIC INFORMATION

DESCRIPTION

This adaptative plate 55x55 mm white in colour of the Simon 82 series is available in different finishes. However, we recommend that you take into account that a better design will be achieved by choosing the frame in the same baseboard colour as the selected plate. To perform the installation, you should be aware that the part is compatible for both to be recessed and position, place in a surface-mounted. Thanks to its thermoplastic material, it is a product that complies with our most exhaustive quality controls, in addition to the regulation regulations and with the regulation regulations and is very resistant. Therefore, it can withstand temperatures from 5 to 40° C, being able to operate under much more extreme conditions. It is recommended that a soft cloth be wiped over the plate to wash it, avoid aggressive products that may contain chlorine, as they could damage the piece.
