

Voice and data angled plate without dust cover for 1 element for 2 RJ45 connectors white Simon K45

REF. KB080/9

BASIC INFORMATION

DESCRIPTION

Power outlets, voice, data and multimedia, fiber optics: Elements indispensable today in our workplace. But to do this, we need mechanisms of the highest quality to a good operation, as the that offers us the series Simon K45. From this collection, we find this plate for voice and data connections. With a plate, with dust cover, but has input for two RJ45 connectors. It has a white finish in colour, ideal for any ambience and is manufactured with halogen-free thermoplastic materials, that helps to which the flame or smoke is not propagate in case of fires. All the collection Simon K45 is made with materials of first quality, integrating the latest improvements in the market and always at the forefront with the best designs and finishes. Simon 45 is, therefore, an indispensable piece in any space.
