

Trim frame for 2 elements yellow Simon 27

REF. 27958-32

BASIC INFORMATION

DESCRIPTION

In the Simon 27 series you will find this yellow trim frame designed for two elements, the Simon 27 collection is marked by simplicity and functionality combined to perfection, using friendly lines and bringing ease of use to every home with the best features. Offering the Simon 27 series a wide variety to choose from a multitude of interchangeable sleeves and rockers that you can combine in different shapes to create different atmospheres in your home, thanks to the compatibility with the aesthetic elements of the Simon 27 Play series, you will be able to enjoy the decoration, since it is one of the most decorative collections carrying a revolutionary concept as a socket that allows you to take the initiative to redecorate the different spaces of your home, as far as its installation is concerned, it is only suitable for flush mounting without this time having the option surface-mounted.
