

Double rocker for blinds mechanism with security latching graphite Simon 88

REF. 88028-38

BASIC INFORMATION

DESCRIPTION

With the double rocker for blind mechanism of the collection Simon 88, you will obtain an avant-garde finishes in graphite colour stylish. With latching security and engraving of the up / down blinds, the double rocker of this range brings functionality and innovation in the minimum space. With a design that combines the square shapes and rounds for a minimalist finish, has a dimension of Ø 68,3 mm, which ensures integration of the set in the space, adapting to the needs technical and aesthetics of the room. Made of thermoset materials, protecting the room in case of fire and allows you to reach a temperature range of 5 to 40 ° C and maximum temperatures of -25 and 50 °C. Compatible with the mechanisms of the Simon 77 range, this reduces installation time when no need for stripping or braiding of wire, or additional tools. Functionality and innovation in original design and with character within the collection Simon 88.
