

Trim frame for 3 elements grey Simon 27

REF. 27952-33

BASIC INFORMATION

DESCRIPTION

Trim frame for 3 elements of the Simon 27 series. This frame consists of six modules and is suitable for flush mounting (both horizontally and vertically) in rooms with a temperature of between 5 and 40°C, although it can withstand extreme temperatures of -25 to 50°C, approximately. Manufactured in thermoplastic in grey colour, its design follows the standards EN 60669-1: 1999 + A1: 2002 + A2: 2008 + IEC 60884-1 Ed 3.2 + UNE 20315-1-1: 2009 + UNE 20315-1-2: 2009 + EN 50581: 2012 and has dimensions of 232x90mm. If you want to keep this frame in perfect condition, just clean it with a soft cloth slightly moistened in soapy water, without having to use abrasive cloths and / or cleaners that contain chlorine in its formula. The Simon 27 series stands out for combining, efficient, a design of neutral lines, which combines, to perfection, with modern, simple and functional environments, but giving it a note of colour, because all the mechanisms of this series support the Simon 27 play appearance.

FINISH

Grey

MATERIAL

Plastic

COMPATIBILITY

Simon 75, Simon 26, Simon 27
Play and Simon 75* mechanisms
(*check compatibility)
