

Spotlight 665 Selector CCT, CRI90 Black 35W

REF. 66500038-597

BASIC INFORMATION

DESCRIPTION

665 Track Spotlight, Selectable CCT, CRI90, black design. Also available in white. This spotlight features a color temperature selector (3000K, 3500K, and 4000K), allowing you to choose the most suitable light tone for each space without changing the fixture. Its CRI90 rating also ensures accurate and faithful color rendering, ideal for spaces where visual detail matters. It includes variable beam optics from 15° to 60°, making it suitable for both accent and general lighting.

Regarding its lifespan, it's worth noting that it reaches 96,000 hours at 25°C (LM70B50), so if kept within an average range of -20°C to +35°C, the fixture should last considerably longer, and in perfect condition.

This product has the following reference number: 66500038-597. Here you can find all its features in terms of logistics data, installation manuals, technical information, and other product details.

FINISH

Black
