Intermediate piece for 1 element yellow Simon 75

REF. **75908-39**

BASIC INFORMATION

DESCRIPTION

The intermediate piece in yellow finish of the Simon 75 series, you can customize and modernisation of the mechanisms that adapt to this model. With capacity for a single element, requires an intermediate piece for its assembly. Adapts to the frames both installed in surface-mounted, such as those to be recessed in a universal box, making it possible to increase its versatility. Its manufacturing material is thermoplastic, which gives hardness and resistance to the heat. For its maintenance it is only necessary to use a cloth slightly moistened in soapy water.

FINISH

Yellow

MATERIAL

Thermoplastic

COMPATIBILITY
