

Intermediate piece for 4 half elements (2 elements) red Simon 27

REF. 27903-34

BASIC INFORMATION

DESCRIPTION

Intermediate piece is designed for 4 half elements or 2 elements in red colour, it is part of the Simon 27 series and is suitable for flush mounting. It is manufactured in thermoplastic material in strict compliance with the regulation. It can be installed both horizontally and vertically, but it must be taken into account that the temperature of the environment in which it is range between 5 and 40°C for optimum conservation. With regard to its maintenance, it is recommended to use a soft cloth moistened in soapy water. This will keep it as the first day. The Simon 27 series stands out for its simplicity and functionality, it is composed of mechanisms of friendly lines, so that fit perfectly into all types of spaces. Its neutral designs, therefore, is suitable for the most modern environments, adding a note of colour. The series is compatible with Simon 27 Play.
