Compact frame for 4 elements with frame holder white Simon 27 Play

REF. **2700640-030**

BASIC INFORMATION

DESCRIPTION

Fit, this is what is the model Simon 27 Play in its finished in white. Its design is designed for that fits anywhere, at the same time as providing appearance by its soft lines and lines. Made of thermoset plastic, its resistance is unparalleled, as well as for the frame-holder that incorporates a metal. With up to four elements of the capacity, its dimensions are 85x304mm. Maintaining the appearance of the design, it is recommended to use rockers and covers in the same white finish. As regards the assembly, it is possible to direct it vertically or horizontally, according to the needs of the space and always with an flush-mounted box universal. This is achieved, first that the mechanism is merged with the place and second, which is set to the same. It incorporates the trim with mechanisms, covers and plates. Its maintenance is very simple, only, you must use a cloth moistened in soapy water.
