

Adaptor neutral white Simon 28

REF. 28077-30

BASIC INFORMATION

DESCRIPTION

The series Simon 88 is undoubtedly the most daring and unique glimpse that offers us the Simon Group. The use of frames and rockers rounded, in addition to a wide range of functions for environments where the quality, design and functionality are unquestionable. And all this combined with the use of pure precious as the gold or the steel, which provide any space of personality. It is compatible with the mechanisms of the Simon 77 series, the Simon 77 series stands out for its easy and quick to install. This series allows you to connect the cables without the need for stripping or braiding, because only the wire is necessary to insert, tighten and ready. In this way, the use of tools is almost zero and considerably reduces installation time. In this line, it offers us this neutral adapter. It is available in white and has an element, it is suitable for flush mounting and surface-mounted and it is recommended for cleaning the use of a soft cloth, avoiding those containing chlorine to avoid damaging it.
