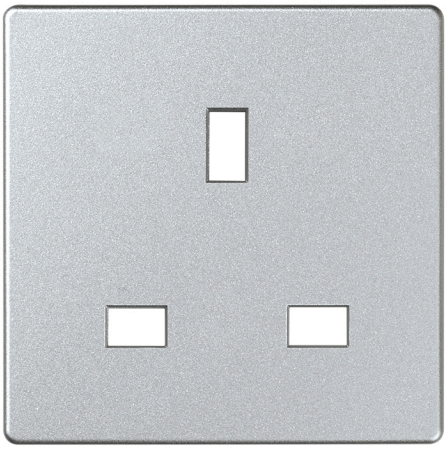
Cover with safety device for British socket outlet cold aluminium Simon 82 Detail

REF. **82045-93**



BASIC INFORMATION

DESCRIPTION

In a cold aluminium colour and of the Simon 82 series we have this cover with safety device. It is specially designed for use with the British socket-outlet. You will find it available in a total of 7 finishes. For a perfect harmony between the parts, we recommend that the frame is chosen in the same baseboard colour of the cover that we have selected. It is suitable for both position, place in a surface-mounted or to be recessed, and its dimensions are as follows: 55x55 mm This made of metallised thermoplastic material and is fully suitable for optimum operation at temperatures between 5 and 40ºC, although it can operate at more extreme temperatures. At Simon, we make sure that our products always offer the best quality and resistance, in addition to complying with the current regulation. For your care, we recommend passing a soft cloth, it is very important not to use abrasive products or cloths containing chlorine.
