

Set of 2 universal keys for the covers with key from the Simon 27 Scudo series

REF. 2705891-039

BASIC INFORMATION

DESCRIPTION

The Simon 27 Scudo series products are designed with the security of their owners and the safety of the youngest members of the house. This pack of two universal keys can be used in any of the models of the covers of the series and that use universal keys that act as child protection and against theft or vandalism. This type of lids is the best way to prevent children from tampering with the plug, damage to the plug over time, or damage to the plug if it is stolen. If, for example, you already have a model of the hinged cover of the Simon 27 Scudo series, but you have lost your keys or need one more set of keys, we offer you this set of keys separately. Otherwise, it is always good to have a spare set of keys. In our catalogue, we put it at your disposal.

FINISH

Aluminium

COMPATIBILITY

Simon 27 Scudo covers
