

Intermediate piece for 1 element brown Simon 75

REF. 75901-39

BASIC INFORMATION

DESCRIPTION

This is a middle piece for 1 element with a brown finish of the Simon 75 series, this article is suitable both for surface and flush mounting and, in addition, it is made of thermoplastic, a material that stands out for its great resistance, against friction and also against extreme temperatures. This type of products also requires maintenance. The manufacturer recommends using a soft cloth slightly dampened in soapy water and to avoid cleaners that contain chlorine. The Simon 75 series offers a variety of colour combinations thanks to its wide range of mechanisms suitable for any decorative space. It is a collection that you can also play with the shapes and finishes to achieve the desired result. With the Simon 75 series there will no longer be boring environments, but environments that are versatile and full of life.
