

Spotlight 740.01 Rail 4000K Wide Flood CR90 DALI White

REF. 74001330-494

BASIC INFORMATION

DESCRIPTION

The 740.01 Rail Spotlight 4000 K Wide Flood CR90 DALI White is a spotlight 740 of the range of Simon that offers the user a DALI dimming system that makes its management quick and easy, which simplifies the individual management of the spotlight into the space where mounted. It is a very simple type of installation that has it, since it is of type rail, one of the most simple.

It is a spotlight that reaches a colour temperature of 4000 K that makes it possible to the emission of a light white neutral type very attractive in a multitude of spaces different. On to have a high colour rendering index (CRI 90 about 100), the spotlight can be used in some of the most sophisticated spaces in which lighting is concerned, as they can be museums or art galleries.

In terms of its appearance, this is a spotlight of a beautiful white colour with textured paint on a body that it has been manufactured in aluminium and a design with high thermal. It is therefore a very resistant spotlight, something that is incremented if we have into account the service life of the luminaire, at least 30000 emission hours at 25 °.
