Wire outlet mechanism with clamping flange grey Simon 27 Play

REF. **27801-37**

BASIC INFORMATION

DESCRIPTION

The mechanism of cable outlet with fastening cable tie included and colour Simon 27 Play grey finish, is a very functional and high quality product, perfect for projects and installations of multimedia equipment, such as tv, music chains, etc., consists of 1 element compatible with up to 2 modules in a small size of 45x45 mm, making it very discreet in any installation. In addition, like all products of the Simon 27 Play series, it has been manufactured with high quality and performance materials, with metal components with halogen-free insulation and a thermoplastic trim of great strength. It works with screw-terminal connection (terminals not included) and is suitable for installation in surface-mounted and to be recessed. This product offers great performance in terms of quality and functionality, and also offers a very competitive price that is very attractive to most buyers.
