

Spotlight 740.00 Rail 4000K Flood Black

REF. 74000038-384

BASIC INFORMATION

DESCRIPTION

The 740.00 Rail Spotlight 4000 K Flood Black allows you to enjoy a light white neutral type, ideal for all types of shopping centres, something that you can perform thanks to the fact that it has a colour temperature of 4000 Kelvin. In its outdoor, this is a spotlight with a black colour with textured paint of the most stylish and discreet to go unnoticed.

Other features that can be stated in this spotlight of the range of spotlights 740 Simon, it is equipped with a Colour rendering index of 80 about 100, so we are looking at a level quite high and top to other spotlights on the market, not forgetting it has a very high lighting efficiency (89), that it prevents enjoy a power similar, 30 W, to other spotlights of the same range.

His installation is simple and allows you to install more of these spotlights in a short time thanks to the fact that it has an installation of type rail. The aim of this type of spotlights is not another that offer the client the possibility to enjoy general lighting, but also for accent lighting allowing the organisation of elements or the specific areas of light, something necessary in commercial premises.

APPLICATION

Accent lighting, General lighting
