Cover with safety device for German socket outlet white Simon 82

REF. **82041-30**

BASIC INFORMATION

DESCRIPTION

Cover with safety device for the socket-outlet in Schuko format and white colour corresponding to the Simon 82 series, it is available in 8 different finishes to suit all needs and preferences. The manufacturer recommends choosing the frame in the same baseboard colour as the selected cover for optimum results. The product has dimensions of 55x55 mm and is made of thermoset plastic, complying with the current regulation. It is suitable for surface and flush mounting, so that its installation does not involve any major complications. For the quality of the materials, the cover is prepared to withstand extreme temperatures (between -25 and 50º), although it is advisable to be at a temperature ambience of between 5 and 40º. With regard to its maintenance, it is advisable to use a soft cloth slightly moistened in soapy water. Also, it is not advisable to use cloths and / or abrasive cleaners containing chlorine.
