

Cover for wire outlet aluminium Simon 82 Centralisations

REF. 82051-63

BASIC INFORMATION

DESCRIPTION

Cover for cable outlet, in aluminium colour (, although it is available in 5 different finishes, of the series Zion 82 Centralisations. This cover is individual and 1 element and is a cover for both surface-mounted and for installation in flush mounted and its cleaning is very easy to perform as single vas to need to use a soft cloth slightly moistened in soapy water, without resorting to the cloths or abrasive cleaners that contain chlorine in its formula. One of the things that stands out for the Simon 82 series Centralizations is because it is capable of offering many more electronic functions (programming of temperature, centralization of blinds, sound, timing and clocks, among others) in less space. In addition, another of things by the that stands out this range of products is because it can be used in different spaces such as: Work stations, kitchens, furnishings, offices and retail, among others.
