Hinged cover with safety device for German socket outlet white Simon 75

REF. **75090-60**

BASIC INFORMATION

DESCRIPTION

Hinged cover white in colour, of the Simon 75 series, with safety device and that is used for the Schuko socket outlet. This cover has an element and is suitable for installation in surface-mounted and also for recessed, in places with a temperature located between 5 and 40ºC, although it can withstand extreme temperatures of -25 to 50ºC, approximately. Its design complies with the regulation UNE 20315-1: 2009 and is made of thermoset plastic. If you want to clean this cover and make it in perfect condition, you just need a soft cloth slightly moistened in soapy water, forgetting have to use any type of cleaner or abrasive cloth containing chlorine. The Simon 75 series stands out for being compatible with the mechanisms of the Simon 77 series, which allows you to connect the cables without having to peel them, braid them and, to be installed, you can forgetting of the need to use additional tools, which makes the installation time we see a small.
