

Frame for 3 elements ivory Simon 82

REF. 82730-31

BASIC INFORMATION

DESCRIPTION

It is a frame for 3 elements with ivory finish and corresponding to the Simon 82 series, this collection is synonymous with balance and simplicity, two factors that act as denominator common in each of its parts. Specifically, this frame is manufactured in thermoplastic in compliance with the regulation and measures 229x89 mm is suitable both for surface and flush mounting. It is characterized by an extraordinary thermal resistance, although it is advisable to install it in environments where the temperature is between 5 and 40°C temperature. Also, for a better result, it is ideal to use rockers and covers with ivory finish. Another aspect of interest is the maintenance, it is advisable to use a soft cloth slightly moistened in soapy water to clean the frame. The Simon 82 series is a collection of minimalist designs, noble finishes and diversity of textures.

FINISH

Ivory
