

Trim frame for 3 elements grey Simon 27

REF. 27952-33

BASIC INFORMATION

DESCRIPTION

Trim frame for 3 elements of the Simon 27 series. This frame consists of six modules and is suitable for flush mounting (both horizontally and vertically) in rooms with a temperature of between 5 and 40°C, although it can withstand extreme temperatures of -25 to 50°C, approximately. Manufactured in thermoplastic in grey colour, its design follows the standards EN 60669-1: 1999 + A1: 2002 + A2: 2008 + IEC 60884-1 Ed 3.2 + UNE 20315-1-1: 2009 + UNE 20315-1-2: 2009 + EN 50581: 2012 and has dimensions of 232x90mm. If you want to keep this frame in perfect condition, just clean it with a soft cloth slightly moistened in soapy water, without having to use abrasive cloths and / or cleaners that contain chlorine in its formula. The Simon 27 series stands out for combining, efficient, a design of neutral lines, which combines, to perfection, with modern, simple and functional environments, but giving it a note of colour, because all the mechanisms of this series support the Simon 27 play appearance.

FINISH

Grey

MATERIAL

Plastic
