

Blind cover graphite Simon 27 Play

REF. 27800-38

BASIC INFORMATION

DESCRIPTION

Blind cover in graphite grey colour, belonging to the Simon 27 Play series, this is one of the series of rockers, covers and plates Simon most versatile and current time. The blind cover is available in a total of four different finishes, which allow combinations very varied. However, as a recommendation is to use a frame in the same colour as the chosen cover for its installation. The blind cover Simon is individual, has an element and two modules in total. It has no signaling function and can be installed in various different shapes: On surface-mounted or recessed, its dimensions are 45 x 45 millimetres and is manufactured in thermoplastic material of the highest quality, to prevent the propagation of fires, thanks to which it can withstand temperatures very high, up to + 50 degrees centigrade. The blind cover does not include any engraving on its design outdoor and does not require much maintenance, since it is enough to clean it with a soft, dry cloth for their longer service life.

FINISH

Graphite
