

Frame for 3 elements black Simon 75

REF. 75630-32

BASIC INFORMATION

DESCRIPTION

Frame for 3 elements in black colour of the Simon 75 series and dimensions 80 mm x 230 mm This rectangular design allows you to adopt two different aesthetic shapes: Horizontal and vertical. Requires the intermediate piece for the complete installation of the mechanism, thanks to the design of this piece, the rockers can be attached to the square cavity of the frames, which can be mounted either vertically or horizontally. It has capacity for 1,2,3 and 4 elements and is made of thermoplastic material, it is suitable for surface mounting and flush mounting. The Simon 75 series allows you to play with different combinations between the frame and the intermediate piece to achieve original and elegant finishes with personality and style. This reference is also available in: White, ivory, gold, aluminium, cobalt blue, green, bronze, chrome, grey, garnet, champagne and wood.
