

Single rocker with viewer and light symbol for push button white Simon 75

REF. 75016-30

BASIC INFORMATION

DESCRIPTION

Functionality and design come together in the individual rocker with viewer of the Simon 75 collection. With a discreet and original light engraving, this individual rocker designed for push-button switch, it has a few finishes in white tone to give a sense of calm and photometric to the space. Its installation is suitable for recessed or surface-mounted, which provides versatility to a set that adapts to the needs of each specific aesthetic and functional space. It has also 6 finishes available, to choose a frame of the same colour and baseboard, ensures a perfect balance between design and style. Manufactured with thermoset materials, ensuring greater protection of the space in case of fire, being able to reach a temperature range of 5 to 40 ° C and maximum temperatures between -25 and 50 °C.
