

Angled voice and data plate with dust cover 1 element for 1 RJ45 graphite Simon 500 Cima

REF. 50000081-038

BASIC INFORMATION

DESCRIPTION

Simon offers you a solution for every need in connectivity systems for voice, data and multimedia connections, and electrical system. Compatibility with IT connectors of other brands, easy installation without the need for special tools or screws. Modularity, speed, convenience and security, not only for people, but for installations. Allows you to expand the system, whenever necessary, adapting to the new technologies or reconnecting with existing installations. The Cima 500 range, facilitates installation, as it has the same plate for all types of housings: Snap-fit horizontal and vertical. New window format to indicate the correct position of the patch cord. This is a an angled voice and data plate with dust cover and 1 element for 1 RJ45. Graphite finish, Simon 500 Cima range. Suitable for combined MD module. Single Angled Plate. Plate for 1 and 2 RJ45. The plate includes clips for fastening in vertical and horizontal housings without the need for an adaptor. Dimensions 50 x 50 x 21 mm Halogen-free thermoplastic material; guarantees no flame propagation in case of fire and low toxicity in the event of smoke generation. Resistant to corrosion and extreme temperatures. Easy maintenance. Clean with a soft and dry clean. It is not recommended to use cleaners that contain chlorine.
