

Hinged cover for modular items in different series white Simon 27 Scudo

REF. 2705092-030

BASIC INFORMATION

DESCRIPTION

Effectively combining a design of purely neutral lines that matches all types of modern environments while providing a fresh air to more classical environments is one of the features of the products that make up the Simon 27 Scudo series, a good example is the hinged cover for modular articles of the different white series that we can find in this range, in our catalogue you can find three different finishes, so we recommend choosing the same colour as the frame to give the design touch we are looking for our electrical installations. Manufactured with the best thermoplastic materials, this is a hinged cover suitable to be recessed, whose qualities will provide maximum security in our plugs. This is why it is the most sold to be installed in large public and private buildings. This series takes into account both appearance and functionality.

FINISH

White

MATERIAL

Plastic

PACKAGING CONTENTS

Cover

SYMBOL

Without engravings

COMPATIBILITY

Simon 27 mechanisms

ETIM CLASS

EC000007

REMARKS

Available in 3 finishes. It is recommended to choose a frame with the same colour as the rocker selected.

TECHNICAL INFORMATION

AVAILABLE MARKET

CE

INDICATOR FUNCTION

No

OPERATING TEMPERATURE RANGE (°C)

5 - 40 °C
