

Cable trunking PVC 2m and 185x55mm for 6 compartments

REF. TS18555/9

BASIC INFORMATION

DESCRIPTION

Our 2-meter PVC cable guide channel is a durable and efficient solution for cable management in electrical projects. Made from high-quality PVC, it meets safety standards as it is flame-retardant in the event of a fire. With a specially designed internal layout, it facilitates effective cable organization. With an IP4X and IK07 certification, we guarantee an exceptional level of protection for your electrical installations. We offer a versatile range of accessories to adapt it to different architectural configurations, in addition to the possibility of incorporating universal Simon mechanisms using the corresponding adapters. The indicated price is per meter and is supplied in batches of 4 units (8 meters in total)
