

Flat voice and data plate with dust cover for 2 RJ45 Panduit® for 1 element white Simon 500 Cima

REF. 50019089-030

BASIC INFORMATION

DESCRIPTION

Simon, we present this plate for voice and data connections of the collection 500 Cima. This collection is one of the workplace solutions with Simon, designed to improve and facilitate the workplace solutions electrical, voice, data and multimedia connections. The plate with dust cover, it has a flat plate and finished in white colour. It is an element and has two connectors RJ45 Panduit and its module adaptable, which is also included. Also, it is the snap-fit to be bonded to wrappers both horizontal and vertical, without the need for adapter. In this modern series 500 Cima it has a click terminal connection, reducing the installation time by nearly 50% and making the use of tools is almost Null. It also has new plates category 6, a greater space for the cabling and it is undoubtedly one of the best solutions for quick connections and ensure transmissions.
